President / CEO  
Master Electrician

## ABOUT US

Frequency Enterprise, LLC. is a service disabled veteran owned Electrical contractor (holding a Master Electrician certification) headquartered in Maryland. In addition we provide construction management, facility maintenance and engineering services throughout Northern Virginia, Maryland and the District of Columbia. Our company is experienced in all general construction disciplines and we've built a solid track record of excellence across the region. We're a growing company comprised of a team from both the public and private sector.

## WHY US

A belief in partnership on each project. Every contract is an open book with all team members sharing a common goal. Collectively executing millions of dollars in projects over two decades. Geographically located within a 100-mile radius of DC and areas of Virginia, West Virginia, and Pennsylvania. Combine industry-wide expertise with the very best local talent. There is a strong commitment to consistent performance and a tradition of trust.
